Together, Tackling Cancer

TACKLING CANCER FUNDRAISER

Texas (1st September – 1st December 2010)

- **Tackling Cancer** is a 501(c)(3) non-profit foundation created to support leading cancer researchers while promoting safe and active lifestyles for today's youth and adults through sport. By leveraging the global participation of rugby, the foundation and its donors will help tackle cancer.
- 50% of all raffle proceeds go directly to the local organization involved – which is your rugby club. Regulations stipulate the raffle must be registered in Texas by a non-profit organization, which for this raffle is Katy RFC (this is displayed on all raffle tickets). There is no additional benefit to registering the raffle, except for helping out the Tackling Cancer Foundation.
- 50% is retained by Tackling Cancer. Part of which is to operate the raffle (including the wonderful prizes), a large portion distributed to various cancer research organizations and to develop sporting services such as training camps for young athletes. The charities this raffle will benefit include Any Baby Can (Texas) - www.abcaus.org - and the Vanguard Cancer Foundation (CA) - www.vanguardcancerfoundation.org. After the raffle closes, Tackling Cancer will announce the amount donated to these partners.
- We recommend that rugby organizations set raffle ticket goals for each member involved, and collect sold tickets stubs and monies raised on a monthly basis to ensure maximum success. Each member – with the help of family and friends – has the potential to sell 20-40 tickets per month.
